RANGE STATEMENT

The range statement relates to the unit of competency as a whole. It allows for different work environments and situations that may affect performance. Bold italicised wording, if used in the performance criteria, is detailed below. Essential operating conditions that may be present with training and assessment (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) may also be included.

**Determining readiness** may include analysing:

- available financial resources of own organisation
- economic conditions within potential international markets
- existing competitors
- international standards for product or service
- knowledge of international laws, conventions and culture
- links to and networks within international markets
- organisation's experience and capability to market internationally
- production capacity and ability to expand capacity as required
- research capability

**Information sources** may include:

- advice from:
  - academics
  - chambers of commerce
  - colleagues who are residents or former residents of chosen countries
  - industry associations
  - other private agencies specialising in international trade
  - professional advisors
  - senior colleagues
  - technical experts
  - training providers
  - government agencies such as Austrade and state/territory government departments
  - professional libraries
  - reference material (paper-based and internet) within organisation
  - trade journals
  - training providers
Criteria may include:
• capabilities, interests and preferences of own organisation
• economic considerations such as:
  • economic wealth within selected countries
  • anticipated cost to provide service or product
• existing competitors operating within selected country/countries
• history of product or service provision within selected country/countries
• relevant international regulations and taxes/duties the product or service would attract
• trade routes and modes of transport available to destination countries

Approaches may include:
• identifying consumers with relevant needs
• identifying current users of the product or service
• identifying people with related characteristics

Consumers may include:
• businesses
• government agencies
• households
• individuals

Targeting strategy may include:
• concentrated, differentiated and mass strategies
• differentiation and segmentation
• ease of entry
• growth considerations
• market share
• niche markets
• price sensitivity
• purchasing power
• sales volume

Statistical terms may include:
• categories used by the Australian Bureau of Statistics in collecting and reporting census data

Demographic data may include:
• age
• children
• education
• first language
• gender
• geographic location within country
• income
• marital status
• nationality
• occupation
Psychographic descriptions may include:
- activities
- interests
- lifestyle
- opinions
- values and attitudes

Positioning strategies may include:
- competitive positioning
- conspicuous positioning
- image perceptions
- market follower positions
- market leader positions
- me-too positioning
- prestige and exclusive positioning
- repositioning
- service positioning
- value positioning

Marketing requirements may include:
- business-to-business marketing
- direct marketing
- ideas marketing
- marketing of goods
- public sector marketing
- services marketing
- telemarketing

EVIDENCE GUIDE

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required skills and knowledge, range statement and the Assessment Guidelines for the Training Package.

Overview of assessment

Critical aspects for assessment and evidence required to demonstrate competency in this unit

Evidence of the following is essential:
- completed profiles where candidate has documented potential international markets based on established criteria, targeting strategy, profile of international markets, positioning strategies, and checks for cultural appropriateness of products
- targeting strategy and positioning strategies which account for cultural differences
- knowledge of cultural aspects relevant to international markets profiled.
**Context of and specific resources for assessment**

Assessment must ensure:

- access to an actual workplace or simulated environment
- access to evidence of completed profiles
- access to relevant sources of information to develop profiles.

**Method of assessment**

A range of assessment methods should be used to assess practical skills and knowledge. The following examples are appropriate for this unit:

- direct questioning combined with review of portfolios of evidence and third party workplace reports of on-the-job performance by the candidate
- review of consumer profiles
- analysis of responses to case studies and scenarios
- observation of demonstrated international market profiling, targeting and segmentation techniques
- observation of presentations on international marketing profiles developed
- oral or written questioning to assess knowledge of international markets
- assessment of positioning implementation plan.

**Guidance information for assessment**

Holistic assessment with other units relevant to the industry sector, workplace and job role is recommended, for example:

- BSBMKG517A Analyse consumer behaviour for specific international markets.
